Surveillance & Team Tactics Training

Undercover investigations are not one-person assignments. Surveillance & Team Tactics Training focuses on strategies for covert assignments and equips officers with the skills needed to surveil, track and locate suspects while remaining undetected.

This training teaches:

- Behind-the-scenes intelligence gathering
- Covert vehicle surveillance techniques
- Surveillance mistakes to avoid
- Safety considerations
- How to plan for the unexpected.

The training includes classroom segments and live, on-the-road, training scenarios that allow students to practice skills and techniques learned in the classroom. Students will work as a team following multiple suspects in several challenging scenarios.

Additional Undercover Academy Training Programs

Undercover Drug Investigations

Officers learn the entire process of undercover work from organizing a safe operation to courtroom testimony.

In this course, Officers learn how to:

- Effectively organize safe undercover and controlled drug buys
- Control situations while maintaining an undercover identity
- Safely plan and execute search warrants and buy busts
- Maximize the productivity of confidential informants
- Turn minor arrests into major drug seizures
- Properly document undercover actions in reports
- Testify effectively in court
- Preserve physical and mental well-being

Surveillance and Team Tactics

Training teaches effective covert surveillance techniques, common surveillance mistakes to avoid, safety considerations, covert intelligence gathering and how to plan for the unexpected.

Class includes live training scenarios on the road so officers can practice techniques learned in the classroom.

Undercover Tactical Operations

Training focuses on the most utilized tactics of undercover units:

- Buy Busts
- Vehicle Take Downs
- Search Warrants
- Room Clearing

This hands-on class teaches Officers how to determine proper force options, plan, safely implement and assess risk for different types of tactical operations.

Students plan and perform numerous tactical maneuvers in class.

Undercover Survival Tactics

The survival tactics taught in this class are geared towards the specific needs of Law Enforcement Officers working undercover.

Students learn defensive tactics designed for unique situations they may face in the confines of a vehicle or other close quarters encounters.

This class includes firearms training where students learn how to overcome the challenges of using concealed weapons during covert operations. Students acquire skills to enhance their ability to employ unconventional firearms on the street.
