Undercover Drug Investigations Training

Undercover Academy tactics were created to maximize the efficiency of investigations and minimize the risk to Undercover Officers. Students learn universal undercover principles that are effective for ANY size agency.

Undercover investigations require unique skills and safety considerations that are not taught to the average Law Enforcement Officer. This training teaches Officers the entire process of undercover work from organizing a safe operation to courtroom testimony.

Upon completion of the Undercover Drug Investigations class, students are given access to the online Undercover Academy document library. Here they can access all the necessary forms to organize and streamline their investigations.

Additional Undercover Academy Training Programs

Undercover Drug Investigations

Officers learn the entire process of undercover work from organizing a safe operation to courtroom testimony.

In this course, Officers learn how to:

- Effectively organize safe undercover and controlled drug buys
- Control situations while maintaining an undercover identity
- Safely plan and execute search warrants and buy busts
- Maximize the productivity of confidential informants
- Turn minor arrests into major drug seizures
- Properly document undercover actions in reports
- Testify effectively in court
- Preserve physical and mental well-being

Surveillance and Team Tactics

Training teaches effective covert surveillance techniques, common surveillance mistakes to avoid, safety considerations, covert intelligence gathering and how to plan for the unexpected.

Class includes live training scenarios on the road so officers can practice techniques learned in the classroom.

Undercover Tactical Operations

Training focuses on the most utilized tactics of undercover units:

- Buy Busts
- Vehicle Take Downs
- Search Warrants
- Room Clearing

This hands-on class teaches Officers how to determine proper force options, plan, safely implement and assess risk for different types of tactical operations.

Students plan and perform numerous tactical maneuvers in class.

Undercover Survival Tactics

The survival tactics taught in this class are geared towards the specific needs of Law Enforcement Officers working undercover.

Students learn defensive tactics designed for unique situations they may face in the confines of a vehicle or other close quarters encounters.

This class includes firearms training where students learn how to overcome the challenges of using concealed weapons during covert operations. Students acquire skills to enhance their ability to employ unconventional firearms on the street.
